MISS NIXON has a background in opera, musical comedy, concert and television. She began her musical career by studying the violin and then turned to voice.

Elder Dyer to Speak At Patriotic Assembly

Elder Alvin R. Dyer, Assistant to the Council of the Twelve Apostles of the Church of Jesus Christ of Latter-day Saints, will be the principle speaker for the special patriotic assembly July 2 at 10 a.m. in the Joseph Smith Auditorium.

Six Latins Plan Visit To Campus

Salt Lake City, Provo, and BYU will be some of the highlights of the tour taken by six representatives of Latin American countries interested in the United States.

ACCORDING TO Israel Heala, chairman of the Recreation Department, the six visitors will tour Salt Lake City and the Provo area the week of June 29 to July 4.

The six are representatives of Brazil, Chile, Venezuela, Argentina, Puerto Rico and Peru. The Department of State, the International Recreation Association and the International Basic Economics Corporation are sponsoring the tour.

THE SIX are all citizens in business interested in recreational activities, according to Heala. They will be visiting service clubs, colleges and recreational organizations in this country.

While in Utah, the group's tour will include Temple Square in Salt Lake City, BYU and various service organizations in the Provo area.

THIS TOUR was especially planned so that the ceremonies of the 4th of July may be seen. They will be accompanied by their own guide-interpreter.

Labor Strikes! Pickets Reset In Walkoff

Work was stopped on the Y Student Center and the Fine Arts Building for the second time in a week as another union walked off the job.

Pickets from the Utah District Council of Laborers walked off the job Tuesday morning, halting construction on most major construction projects in Utah.

Wednesday, June 29, workers belonging to the Bridge, Structural and Ornamental Iron Workers walked off the job in a labor dispute. Their strike was settled Tuesday June 25.

The Laborers Union is meeting Friday night in Salt Lake City to negotiate towards a settlement. Local labor officials did not know when the strike would be over.

Two thousand members of the union are involved in the strike.

Injured Child Reported Fair

The small son of a BYU student was reported in fair condition Wednesday after receiving injuries in an auto-pedestrian accident Tuesday.

JEFFREY TRIPP, two year old son of Mr. and Mrs. Paul Tripp, suffered a fracture of the right leg and abrasions on the face and hand according to the Utah Valley Hospital. The Tripp family live at C-12 Wymount Village.

The Tripp child was injured when he ran into an automobile being driven by Mrs. Glean Anderson of 3225 Cherokee Lane, Provo, stated officer Coleman of the Provo City Police.

COLEMAN, Tripp investigating officer, reported that Mrs. Anderson was driving on 1700 North when the accident occurred at 670 East.

"I wanted to murder you it would be easy," says an, played by Jim Hays, to Olivia (Pauline Duke) in a scene from "Night Must Fall." The melodrama opens in the Arena Theatre Friday, 8:15 and plays through July 3.

Wilkinson's Letter Available

In the first issue of the Summer Universe, a letter was printed which was written by Jim Stevens. In this letter, the request was made that we print the entire content of President Wilkinson's letter to Mr. Evans of the UEA.

After careful consideration it was decided that due to the length of the letter, it would be impossible to print it in this paper. BUT IN ORDER that those interested

might obtain a copy of the letter, it has been printed up in booklet form and is available at the Daily Universe Office, the Dean of Students Office (209 ASB), and the Dean of Education Office (118 McKay).

Anyone who has any interest in the education situation in Utah is encouraged to pick up a copy of President Wilkinson's letter at the above mentioned places.

Lack of Information Is Dilemma

Being able to get a telephone number or an address of a BYU student has been a service rendered by the school's telephone information in the past. It would be difficult to estimate the thousands of people this service has helped. The aid has been especially beneficial to out-of-town friends and relatives.

With the change of telephone service from the campus to Provo, the service has ended. No longer does the friendly voice on the information line offer assistance. You are merely instructed to try Provo Information.

WE REALIZE THAT during Summer School there has always been only one phone operative in a building or on a dorm floor. However, the nearest extension has been listed with the information service and could be

obtained. Now on campus information requests are sometimes referred to Canyon Center where you are again instructed to try Provo information.

The dilemma of trying to reach someone presents several questions which merit answers: Where can information be obtained? If it is to be found only in the Smoot Administration Building will it be available after 5 p.m.? How can students in off-campus apartments be reached when only one student's name is listed? What provisions are being made for out-of-town people who want to locate a BYU student? Will information be unavailable for the weeks between the beginning of school in the fall and the publishing of the Student Directory?

What happens when a student must be reached for an emergency?

Watch For...

The Western Club is sponsoring a dance Saturday at 8 p.m. in the multi-purpose area of the Smith Family Living Center. Ernie Keller will provide the music for the western dance occasion.

Admission to the dance will be by membership card which can be purchased at the door for 75¢ per term or \$1.50 for the summer.

Bzz, Bzzz...

Large, Man-Eating Mosquitoes Attack Campus With Appetite

by Dallas Sprouse

If your place of residence is Helaman Hall, you are probably faced with the problem of fighting mosquitoes off of yourself and out of your room.

Lately, there appears to have been an invasion of this annoying pest to disrupt conversations, sleep, study, and radio disc jockeys.

Needless to say, these mosquitoes are not ordinary insects. They are very large and have an appetite to go along with this size.

Although it seems that every mosquito bite, this is a falsehood. The fact is that only female mosquitoes bite and not the males.

Mr. Clair Acord, Utah county agricultural agent, stated that due to the wet spring in Provo

breeding areas were very conducive to mosquitoes. He said that the mosquitoes were not breeding in Utah Lake, but most likely they were breeding in areas around the school such as ditches, puddles, or in other areas where there is standing water.

Advice for the miserable student is to buy a can of insect repellent and dose yourself in it, or shut your window or door to suffocate to death.
